LAWRENCE AKERS

On the 14th of February at 2:30 a.m. the death angel took from us our dear son, Lawrence, whom we loved. All was done that loving hands could do. He leaves a wife and three children: father and mother four brothers and two sisters and other relatives, and a host of friends to mourn the loss. His brothers are Jim, Bob, Harry and Carl. Sisters, Mrs. Emerson Stratton and Mrs. Millard Wilson. Our dear boy was 24 years 4 months and 13 days old. He was converted in his 14 year. Mother was by him when the Lord spoke peace to his soul. I thank the good Lord for saving me 47 years ago, the fifth of this month. I thank Him for owning me today as one of his children. I will soon cross over the river that dear Lawrence has crossed. I stood by his bedside and saw him peacefully pass out of this life. He went with out a struggle. He was laid in the Oakview cemetery Monroe county, Michigan to await the resurrection. Love to all who aided and helped us during his sickness death and burial. HIS MOTHER, MRS. JOHN AKERS

CONFER ON DETAILS
OF NEW 8-HOUR LAWRail Chieft and Managers to
Compute Back Pay.

New York, March 20.—The controversy that has raged between the railroads and their employees for nearly a year over the question of hours and wages passed into history with the nation-wide railroad strike averted and the Adamson law declared constitutional.

Appealed to by the president's mediators to yield on the grounds of patriotism to the demands of the employees, the railroads had consented to an agreement whereby the employees receive the eight-hour basic work day and pro rata pay for overtime, the same as that provided by the Adamson law. Several hours later followed the decision of the supreme court.

All that remains is to decide how much back pay the employees are entitled to, inasmuch as the agreement signed by both sides and the Adamson law provides that the operation of the new wage and hour schedule shall be retroactive beginning Jan. 1. The brotherhoods and the railroad managers are now considering how it will be computed. It is estimated the employees have between \$12,000,000 and \$13,000,000 coming to them.

W. G. Lee, spokesman for the brotherhoods, made it plain that he looked for peace in the railroad world for a long time. Asked whether there was any intention to bring up in the conference the question of punitive overtime, Mr. Lee said:

"That will not be brought up now. We believe that overtime can largely be done away with by speeding up the schedules."

POWER COMPANIES OUSTED

Federal Power Upheld by U. S. Supreme Court.

Washington, March 20.—In sustaining injunctions ousting Utah hydro-electric power companies from federal forest reservations the supreme court of the United States upheld federal and limited state sovereignty in developing resources in western "public land" states.

Regulations of the agriculture and interior departments conservation policy and decrees requiring the Utah power companies to remove their property from the public lands unless they get federal permits were sustained.

The court held that the congress had power to regulate all public lands and denied that its authority was limited to lands actually used for federal purposes.

Yarrowdallers Leave Berne.

Washington, March 20.—American Minister Stovall at Berne reported that the fifty-nine Americans from the German prize ship Yarrowdall had left Berne via Lyons for Barcelona, accompanied by Vice Consul Schoenfeld. John Neiberg, whose citizenship had been questioned, established American identity and was included.

Germans Flock to Mexico.

Laredo, Tex., March 20.—About 1,000 Germans were among the 8,540 persons who entered Mexico by way of Laredo last week, according to figures just made public by the state health department here. The Germans came from all parts of the United States and took with them all their personal belongings.

Americans Quit Germany.
